

WHAT ARE THE PROPOSED CHANGES FOR ROUTE 205 LONG LEAF PARK?

Wave Transit's ongoing Reimagine Wave Transit study is recommending changes to bus service to make routes more direct, less duplicative, and easier to understand. **Due to uncertain funding levels, we are seeking your feedback on how services could change based on 30% less funding, existing funding levels, and 30% more funding.**

What is Route 205's new routing for the three funding scenarios?

- **Under all three scenarios**, Route 205 Long Leaf Park would be renamed to Route 205 Greenfield-Shipyard and be streamlined in both directions between Padgett Station and Monkey Junction via 5th St and 8th St.
- **Together with Route 210, Route 205 will provide more frequent service** north of New Hanover Regional Medical Center because both routes will operate on the same streets.

1	Route 205 Greenfield-Shipyard and Route 210 Greenfield-17 th St would both operate on the same streets via S 5 th Ave, S 8 th St, and Greenfield St in both directions.
2	Routes 203 Port City Trolley, Route 108 Market St, Route 201 Carolina Beach Rd, and Route 202 Oleander Dr would replace existing Route 205 service on S Front St and N 3 rd St.
3	Route 205 Greenfield-Shipyard would be streamlined at Medical Center to improve reliability.
4	Route 205 Greenfield-Shipyard would replace existing Route 106 Shipyard Blvd service on Marion Dr, Rutledge Dr, and Vance St. Service to Bell St west of Carolina Beach Rd would be discontinued.

Under a **reduced funding scenario**, what is the proposed schedule for Route 205 Greenfield-Shipyard?

- **Route 205 Greenfield-Shipyard would operate hourly on weekdays.** This would be a decrease in service, because today Route 205 Long Leaf Park operates every 30 minutes for most of the day on weekdays.
- Combined with new Route 210 Greenfield-17th St, Route 205 Greenfield-Shipyard would **provide 30-minute service between Padgett Station and Medical Center every day of the week.**
